

DISCOVERY BEGINS with on-shore introductions to world renowned research facilities and staff in Woods Hole followed by a boat ride to the island—an adventure of its own!

**UPON ARRIVAL**, campers are quickly introduced to island life and the wonders of the island's panoramic views, crystal-clear waters, rocky beaches, tide pools, grassy hills, and walking trails.

**EACH DAY**, campers will experience hands-on, STEAM-focused science and nature exploration and learning led by counselors, artists, guest educators, and scientists (many of whom are drawn from the world-famous research institutions in nearby Woods Hole) who translate learning into discovery—and make it FUN!

THE CAMP EXPERIENCE INCLUDES structured and unstructured time to engage in the arts, physical and mental wellness exercises, journaling, and traditional camp activities, like games and singing.

CAMP LIFE is a unique experience where campers live, along with staff, in a welcoming, rustic 19<sup>th</sup> century-style New England farmhouse. Three healthy, kid-friendly, family-style meals are provided daily. And yes, there are chores! A one-room school house serves as a multi-purpose educational space. And of course, the entire island is an amazing classroom.

**OUR COMMITTMENT** is to ensure a rewarding and fun camp experience where each camper's goals are realized.

to explore the world around us.

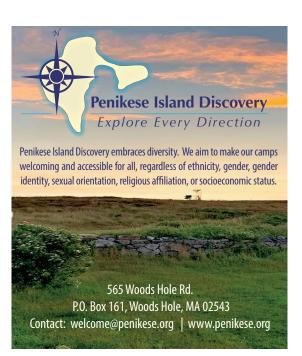

**OFFERED JULY-AUGUST** 

**FOR STUDENTS ENTERING** 

7<sup>TH</sup>, 8<sup>TH</sup> AND 9<sup>TH</sup> GRADE

## **GOOD TO KNOW:**

- Comprehensive health, safety, and emergency protocols are in place
- All staff members are background checked, safety-trained and certified
- We maintain 4:1 camper to educator ratio
